NOTICE.

OUR TOOLS.....

Are selected with great care and are of the best makes, and meritorious novelties will be, from time to time, added to our present line, our aim being to carry a complete stock of first-class tools.

OUR GUARANTEE.....

Will be found on the pink insets.

OUR PRICES.....

Quality considered, speak for themselves, but are not guaranteed, and are subject to fluctuations of the market, without notice.

Gross or dozen prices apply to quantities of not less than one-half gross or one-half dozen only, as the case may be; smaller fractions will be charged at the advanced list named in catalogue.

Orders will be executed promptly at current rates, to the extent of our stock on hand, but such portions as may necessitate additional shipments are subject to prices ruling on date of invoice.

OUR TERMS.....

Are net cash, 30 days, except where parties are unknown to us, or are not rated in the commercial agencies, in which case they are positively C. O. D. When goods are sent by express, C. O. D., collection charges will be added to bill, an expense which can readily be avoided by sending money with order. C. O. D. orders must be confined to territory within a limited radius of New York, and under no consideration will goods be sent C. O. D. to Canada. Express companies will not accept C. O. D. packages on which the amount to be collected is less than \$1.00.

For one cent per ounce, or fraction thereof, parcels can be sent by mail to any part of the United States, but weight of such packages must not exceed four pounds. Goods so sent are invariably at consignee's risk and at his expense for postage.
